Employers and K-12 schools want to collaborate, but…

- Many opportunities are available but there has been no structure to connect with students
- Learning/coaching opportunities have not been coordinated or centralized
- There are too many relationships to effectively manage and sustain

That’s where INSPIRE Sheboygan County comes in!

Why INSPIRE Sheboygan County?

To address the “skills gap”, we need more:

1. Voice of employers in schools
2. Counselor/Student/Parent exposure to career choices
3. Parent awareness and acceptance of options
4. On-going dialogue between employers and schools
5. Stronger, earlier focus on career exploration
6. Workforce feeder system
7. Engaged, informed parents

Please speak with your school counselor about obtaining a Parent Portal passcode or contact us at info@inspiresheboygancounty.org for more information, a demonstration, or training.

Parents
What does INSPIRE Sheboygan County do?
INSPIRE Sheboygan County creates a way for students and job-seekers to actively interact with area employers and career coaches. By encouraging your child to take advantage of the tools, you can help them discover their career path and set goals to achieve.

How does the program work?
INSPIRE Sheboygan County connects a student’s career interests with local companies and real-life professionals in their career area of interest. They can:

- Learn about area companies that offer jobs and careers in their area of interest
- Participate in career discussions with an online mentor/career coach from that company
- Effectively and efficiently manage participating in Work-based Learning Activities (WLA’s), such as job-shadows, internships, company tours, mock interviews and summer employment

How can a parent participate?
- Help your child use the tools/resources available (your son/daughter, or their school counselor can grant you access)
- If you are a working parent, encourage your employer to participate in INSPIRE Sheboygan County
- Do you have expertise in a particular career field? Sign up to be an online mentor/career coach in a particular field of study

Benefits for Students and Parents
1. Learn about careers of interest
2. Increase awareness of local companies and opportunities
3. Learn real-world information about local employers
4. Receive advice and encouragement from working professionals
5. Get information directly from company representatives
6. System is web-based so access is available via any internet connection
7. System is integrated with student academic and career plans (ACP)
8. Centralized clearinghouse of career discovery information

INSPIRE Sheboygan County
The Mission of INSPIRE Sheboygan County is to connect students to meaningful career experiences in the Sheboygan County Area.

Our Vision is that all students graduate with an inspiring and realistic academic and career plan informed by connections and experiences provided through INSPIRE Sheboygan County.
